## WOOD MOUNTAIN & QU'APPELLE RAILWAY.

It is gratifying to learn that the Wood Mountain and Qu'Appelle Railway Co. have completed such financial arrangements as will enable them to carry on the speedy construction of their road. The land grant has been secured to them on condition that they complete that portion of their line between Qu'Appelle and Fort Qu'Appelle by the 31st July next, and one hundred miles before the 31st December next. We are in receipt of a private letter from Ottawa which informs us that the construction will be proceeded with in earnest as soon as the frost is properly out of the ground, and that the snort of the iron horse will awaken the echoes of the Qu'Appelle by the 1st of August next.

### JEALOUS.

Our suburban valley contemporary has had another fit of jealousy, this time because THE PROGRESS comes out boldly and discusses Hon. Joseph Royal on his merits as probable Lieutenant-Governor, ignoring the ill-grounded prejudice that has been created against him by a querelous press. No doubt the Vidette remembers with sorrow a previous occasion when an onslaught was made on His Honor E. Dewdney as Indian Commissioner. On that occasion our sleepy contemporary was the medium through which the attack was made. THE PROGRESS then foresaw the result and defended the Indian Commissioner. Time went on, and it was not long before the rising wave of popular opinion, helped on by our bold stand, so entrenched Mr. Dewdney in the good will of the people of the Northwest, as to place him beyond censure. Even the Vidette got sufficiently aroused from its drowsiness to bury the hatchet. In the heat of the discussion created on the occasion referred to, our jealous contemporary charged us with being bought by a printing contract. That charge was soon exploded. Now the valley sheet has not enough good will in its make-up to give our new Lieutenant-Governor, Mr. Royal, a decent reception or keep silent till there is at least some cause to find fault. We do not envy it its crabbiness.

We would not have noticed the Vidette's spleen, had it not been dishonest in quotations and false in statements in respect to our business. It is indicated that we have received numerous and great mercies from the Northwest Government. If our contemporary regards its patronage as "mercies" it is at liberty to think so. No one is in a better position to know than its fit. THE PROGRESS, however, does not exist that way. It lives and thrives by doing business on business principles, the instigations of the Vidette or any other paper to the contrary notwithstanding. We have received considerable book printing from the Northwest Government, and we are proud of the fact. At the time the work was given out there was not a printing office in the Territory that possessed the ability to do the work satisfactorily, and as our office had not been established the work would have been sent east to be done. We were asked for figures on the printing. They were given, and as stated on a former occasion we are prepared to submit those figures to any impartial and capable judges, knowing that we are getting no more

than a fair business price and that the verdict would be that no favoritism was shown us when the order was given. These facts are written for the general public, whose judgment we do not fear, but that they will satisfy the Vidette is not to be expected, for jealous people are never reasonable. We would remind our contemporary of the time when it was invited to tender with the other printing offices of Assiniboina for a portion of those "mercies," and could not show up. When the publishers of the Vidette turned coats to secure some of the "loaves and fishes," they should have made a clean job of it, and not copied the school boy who knows he has to but submits unwillingly.

### COUNCIL MINUTES.

#### SOUTH QU'APPELLE.

The adjourned meeting of the council was held in McLane's hall on March 10th.

Present; T. T. Thompson chairman; Councillors Smith, Redpath, Milne, Murphy.

#### COMMUNICATIONS.

From W. H. Cullen re statute labor; referred to the Council for consideration.

From A. Harvey re account for gopher tails; referred to F. A. and S. committee.

The Finance committee reported as follows: With reference to the purchase of McLean school debentures we would recommend that the chairman be instructed to take legal opinion as to the validity of title, the expense of same to be borne by school districts applying and that if the same be satisfactory the council purchase the debentures, and also that the application of Mount Pleasant public school district be treated in the same way, and that the amounts now in the treasurer's hands to the credit of the different school districts be paid them, and that in the case B. J. Rogers a cheque be issued by the chairman and clerk to the amount of \$10 in favor of the clerk to be expended in payment of Rogers's statute labor for the year 1886, that the chairman and clerk issue cheques in favor of F. Whittingham to the amount of \$4 for refund of statute labor done and A. M. McLane for three months' salary.

In reference to items on page 10 we have seen vouchers, etc., for same with the exception of note for which with interest a cheque for \$361.82 was drawn, this note cannot now be found at Caswell's Bank. Lists of cancelled lands and amounts recovered by Sheriff, should be obtained at once. With regard to suggestion as to books to be kept we think the same should be well considered by the council and a proper set of books started in accordance with same.

Your committee would advise that a cheque for \$10, the salary of the auditor, be drawn and paid to him at once and that a further sum of \$ be paid him for the extra labor he has been put to in auditing the accounts for 1884, 1885 and 1886 in order to correct omissions made in previous audits so that the council might be able to know exactly the state of the accounts in those years.
